SATURDAY, JANUARY 2, 1836.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, *and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty under the Regulation.*

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1834. G. J. SIDDONS, *Collector.*

CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUNPOWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for ONE VESSEL taken to ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th:—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

The Accounts of the year being approved and passed, were ordered to be signed by the Chairman of the Meeting.

The appointments of the following Gentlemen as Managers of the Fund, being vacated by the expiration of the year,—Resolved unanimously on the motion of the Hon'ble Mr. Elliot, seconded by Mr. Tulloh, that the Managers of the past year be re-elected.

Managers for the year 1836.

Elected.		Ex-officio.	
JAMES PATTLE, T. PLOWDEN, J. A. DORIN, RICHARD WALKER, W. BRACKEN,	ESQRS.	CHARLES MORLEY, H. T. PRINSEP, W. H. OAKES, R. H. TULLOH. (C. TROWER, *Actg. Civil Auditor.*)	ESQRS.

The business of the General Meeting being concluded, the Meeting was made espEcial to consider the Propositions submitted to the Service in conformity with the Orders contained in the despatch of the Hon'ble Court of Directors, dated 27th May 1835.

It was explained to the Meeting that copy of the extract from the said despatch had been transmitted to every Subscriber to the Fund, with a request, that the reply signifying assent or dissent to the Propositions contained therein, might be transmitted in time to be laid before the present Meeting.

The replies being opened and examined it was found that the Assents, unqualified, were 264,—Assents, conditional, 5—Total Assents 269.

Dissents—Messrs. Deane and Lushington, Hughes and Houston.—Total Dissents *Four.*

The Hon'ble W. H. L. Melville, seconded by Mr. Dick, moved the following Resolution:

Resolved,—That the Propositions submitted to the Service in the despatch of the Hon'ble Court of Directors, dated 27th May 1835, having been accepted by the Subscribers to the Fund, their acceptance be now recorded.

This Resolution being put from the Chair, was carried with one dissentient voice—that of Mr. Houston.

On the motion of the Hon'ble Mr. Melville—it was further resolved *nem. con.*

That the Managers of the Institution be requested to prepare the necessarry rules to give effect to the said Propositions.

The same Gentleman then moved the following Resolution, which was seconded by Mr. Dick,—

That it be an instruction to the Committee in preparing the rules to give effect to the Propositions of the Hon'ble Court of Directors to look to the permanent capability of the institution to meet the demand upon it for the required number of Annuities for Retiring Servants, and to guard the Funds from any appropriation likely to interfere therewith.

The following Amendment was thereupon moved by Mr. Colvin, seconded by Mr. J. A. Dorin,—

That the Resolution already passed, directing the Managers to prepare the necessary rules to give effect to the Propositions contained in the despatch of the Hon'ble Court of Directors, is a sufficient instruction to them.

The Amendment being put from the Chair, there divided—for it 19, against it 12, being a majority in favor thereof.

The Hon'ble Mr. J. Elliot then moved, that the concluding para. of the Memorial addressed to the Hon'ble Court of Directors under date 25th September 1833, be read. The same was accordingly read as follows:—" In conclusion your Memorialists request, with a view to prevent Individuals from deferring their retirement until the determination of your Hon'ble Court shall be made known, that such modification of the existing rules in regard to the amount of Annuities, as your Hon'ble Court may be pleased to sanction, be declared applicable to the Annuities which shall be taken for the ensuing year 1834-35."

Mr. Elliot then moved, seconded by Mr. R. Saunders,—

That the case of the Servants who have retired subsequently to the transmission of the Memorial of the Service, dated 25th September 1833, in which their claim to benefit by any prospective modification was specially submitted to the Honorable Court of Directors, not having been noticed in the despatch, replying to that Memorial now before the Meeting,—the same be again recommended to the consideration of the Honorable Court—those Servants having retired in the confident belief that the Service was pledged to support their claim to participate in the benefits now about to be enjoyed prospectively by retiring Servants.

The above Resolution being put from the Chair, was carried unanimously.

On the motion of Mr. R. D. Mangles, para. 2 of the letter of the Honorable Court of Directors, was read.

Mr. Mangles then moved, seconded by Mr. Parker,—

That it be an instruction to the Managers of the Fund to solicit the Honorable Court of Directors to reconsider the Clause in the Rules relating to confirmation of Medical Certificate by the Examining Physician of the Honorable Court, after a residence in England on the part of the Absentee, of at least twelve months, with reference to the hardship which such a Rule may probably be the means of inflicting.

The above Resolution being put from the Chair, was carried.

The Chairman then stated, that since he had taken the Chair, a letter addressed to the Secretary of the Fund had been received from Mr. Richardson of the Civil Service,—not a Subscriber to the Institution—appealing to the present Meeting against the decision of the Managers by which his claim to be admitted a Subscriber was deemed, by them, inadmissable, in consequence of his not having made his election to be a Member and paid up his Subscriptions with Interest, within the period limited by the Honorable Court of Directors. The Chairman submitted to the Meeting, whether the letter should be read.—Ordered, that it be read and entered on the Proceedings of this Meeting.

A Statement of the case was then read from the Proceedings of the Committee of Managers.

On the Motion of Mr. Young, seconded by Mr. Parker,—

Resolved unanimously—That the decision of the Managers in the case of Mr. Richardson, be approved and confirmed.*

The Chairman then left the Chair and the Meeting broke up.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTIFICATION

Of the probable DISCONTINUANCE *of the* LIGHT *at* POINT PALMYRAS *during the S. W. Monsoon of* 1836.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bearing W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H. T. PRINSEP, *Secy. to the Govt.*

NOTICE.

Abandonment of the Light at Point Palmyras, with Instructions for Vessels seeking a Pilot for the River Hooghly.

The encroachment of the Sea, on the Island of Mypurrah, commonly called Point Palmyras, rendering it necessary to abandon the Light at that place, notice is hereby given, that the Light will be forthwith abandoned accordingly; and that from the 15th of March, till the 15th of September, the period during which the Pilot Vessels cruize off Point Palmyras, until further notice, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket, every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel, on board of which such Senior Pilot may be, will be instructed to take up a position, the Point bearing W. by N. distant 18 miles, and in 18 or 20 fathoms water, and to keep in that position during the night as near as possible.

3. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel.

4. The Pilot Vessels during the above period cruize in the day off Point Palmyras, anchoring during the night in a line East and West in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; but the Senior Officer's Vessel shewing the Blue Light and firing the Rocket will be stationed as above. If, however, about the beginning of September the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and may be found in a line between the Point and the Floating Light Vessel at the entrance of the Eastern Channel; and Vessels approaching the Station about that period with the wind hanging to the Eastward, or the weather having a threatening appearance, are accordingly recommended on no account to approach the Point, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel—and it is further notified that, after the 15th September, no Pilot Vessel will be found to the Westward of the Western Sea Reef.

5. From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10′ North.

6. Vessels approaching the Station on seeing the Pilot Vessels are requested, in the day, to make for that Vessel on board of which they will see a large Red Flag flying at the main, whenever they can do so without great inconvenience or delay. In the night, the Vessel having the next turn Pilot on board is ordered, between the 15th of March and the 15th September, while the Vessels cruize off Point Palmyras, to burn a Maroon every half hour during the night, or one quarter of an hour after the burning of the Blue Light and the firing of the Rocket; and between the 15th September and 15th March at the Floating Light Station at the entrance of the Eastern Channel every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotations, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Abandonment of the LIGHT at POINT PALMYRAS, with Instructions for Vessels seeking a Pilot for the River Hooghly.

The encroachment of the Sea, on the Island of Mypurrah, commonly called Point Palmyras, rendering it necessary to abandon the Light at that place, notice is hereby given, that the Light will be forthwith abandoned accordingly; and that from the 15th of March, till the 15th of September, the period during which the Pilot Vessels cruize off Point Palmyras, until further notice, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket, every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel, on board of which such Senior Pilot may be, will be instructed to take up a position, the Point bearing W. by N. distant 18 miles, and in 18 or 20 fathoms water, and to keep in that position during the night as near as possible.

3. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel.

4. The Pilot Vessels during the above period cruize in the day off Point Palmyras, anchoring during the night in a line East and West in Latitude 20° 42' to 20° 48' N. with the Point bearing West to W. by S; but the Senior Officer's Vessel shewing the Blue Light and firing the Rocket will be stationed as above. If, however, about the beginning of September the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and may be found in a line between the Point and the Floating Light Vessel at the entrance of the Eastern Channel; and Vessels approaching the Station about that period with the wind hanging to the Eastward, or the weather having a threatening appearance, are accordingly recommended on no account to approach the Point, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel—and it is further notified that, after the 15th September, no Pilot Vessel will be found to the Westward of the Western Sea Reef.

5. From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10' North.

6. Vessels approaching the Station on seeing the Pilot Vessels are requested, in the day, to make for that Vessel on board of which they will see a large Red Flag flying at the main, whenever they can do so without great inconvenience or delay. In the night, the Vessel having the next turn Pilot on board is ordered, between the 15th of March and the 15th September, while the Vessels cruize off Point Palmyras, to burn a Maroon every half hour during the night, or one quarter of an hour after the burning of the Blue Light and the firing of the Rocket; and between the 15th September and 15th March at the Floating Light Station at the entrance of the Eastern Channel every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotations, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorised in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Abandonment of the LIGHT at POINT PALMYRAS, with Instructions for Vessels seeking a Pilot for the River Hooghly.

The encroachment of the Sea, on the Island of Mypurrah, commonly called Point Palmyras, rendering it necessary to abandon the Light at that place, notice is hereby given, that the Light will be forthwith abandoned accordingly; and that from the 15th of March, till the 15th of September, the period during which the Pilot Vessels cruize off Point Palmyras, until further notice, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket, every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel, on board of which such Senior Pilot may be, will be instructed to take up a position, the Point bearing W. by N. distant 18 miles, and in 18 or 20 fathoms water, and to keep in that position during the night as near as possible.

3. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel.

4. The Pilot Vessels during the above period cruize in the day off Point Palmyras, anchoring during the night in a line East and West in Latitude 20° 42' to 20° 48' N. with the Point bearing West to W. by S.; but the Senior Officer's Vessel shewing the Blue Light and firing the Rocket will be stationed as above. If, however, about the beginning of September the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and may be found in a line between the Point and the Floating Light Vessel at the entrance of the Eastern Channel; and Vessels approaching the Station about that period with the wind hanging to the Eastward, or the weather having a threatening appearance, are accordingly recommended on no account to approach the Point, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel—and it is further notified that, after the 15th September, no Pilot Vessel will be found to the Westward of the Western Sea Reef.

5. From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10' North.

6. Vessels approaching the Station on seeing the Pilot Vessels are requested, in the day, to make for that Vessel on board of which they will see a large Red Flag flying at the main, whenever they can do so without great inconvenience or delay. In the night, the Vessel having the next turn Pilot on board is ordered, between the 15th of March and the 15th September, while the Vessels cruize off Point Palmyras, to burn a Maroon every half hour during the night, or one quarter of an hour after the burning of the Blue Light and the firing of the Rocket; and between the 15th September and 15th March at the Floating Light Station at the entrance of the Eastern Channel every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotations, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, *according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions*, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUNPOWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 5th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for ONE VESSEL taken to ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

POLITICAL DEPARTMENT,
FORT WILLIAM, 8TH FEBRUARY, 1836.

The Honorable the Governor General of India in Council has been pleased to direct the publication of the following paper on the Trade of Cabul, in continuation of the Extracts already published under date the 16th November last.

Extracts of Letters from Mr. Masson to Captain Wade, dated the 10th of July, 1835.

On the 10th of July a Kaffila arrived from Qandahár about 20 Yábús, (ponies). They were laden with black pepper, salep, saffron, manna, and silk.

Up to this date, only the Kurohtí Lohanís have ventured with their merchandize to Kabul. The Mír Khels, the most opulent, are shortly expected, as they will have heard that the Shikarpuriáns have returned to their Kotis, and Múlla Badaiúddin has sent them many encouraging letters. It is ascertained that the Lohanís have brought quite or nearly 2,500 loads of merchandize, of which 1,500 are of Indigo, besides which 600 loads of Indigo have been sent to Qandahár. In last year it is said not above 800 loads of Indigo arrived at Kabul. About 800 loads of Linens and Cottons are computed to be forthcoming, with 200 loads of Sugar, Drugs, and Sundries.

Accompanying is a Statement of the prices at which Sales of Indian and other Goods are now effected at Cabúl.

A Price Current of Indian and other Goods at Kabul at the Khám (or Cutcha) Rupí, valuing 14 anas Farukhábádí.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a *Letter in quadruplicate* to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

C. C. HYDE, *Collector.*

Calcutta Custom House, the 19th February, 1836.

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, *Bazar*	*Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000
In each month when the Bhagarutty is navigable by the Government Steam Boats,	
At Culna,	500
At Berhampore,	1,000
During each month when the Bhagarutty is not navigable by the Government Steam Boats,	
At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantities) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contrators making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board.

J. H. JOHNSTON,
Controller of Govt. Steam Vessels.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

FORT WILLIAM,

GENERAL DEPARTMENT.

NOTICE.

His Excellency the Governor of Batavia having been requested by the Honorable the Governor General in a despatch under date 5th August, 1835, to exert his influence in furthering the discovery of certain Persons, Passengers and Crew of the Ship *Charles Eaton*, supposed to have survived the wreck of that vessel in Torres' Straits, it appears by His Excellency's answer to the despatch above noted, that he had instituted enquiry for these unfortunate persons on private information, so far back as the month of July, 1835. On receipt of the communication from the Honorable the Governor General, (20th November 1835,) His Excellency directed the Governor of the Moluccas to despatch a small vessel to Timor-laut, Matabella, and the neighbouring Islands, in quest of the supposed survivors, and intimated his intention of detaching a Ship of War for their recovery, should the result of this enquiry lead him to conclude that these persons were detained by the Natives on any of the Islands in question.

On the 9th December, 1835, His Excellency the Governor of Batavia addressed a further communication to the Honorable the Governor General, informing him of the arrival at the Seat of his Government of five Seamen belonging to the *Charles Eaton*, who, after a residence of thirteen months on the Island of Timor-laut, were taken thence and brought to Amboyna by an Indian Coasting Bark. The depositions of the Seamen, forwarded with His Excellency's despatch, are given at length below. Their statement as to the position of the vessel when they left her is at variance with that afforded by respectable eye witnesses as to her present condition, it being known that she stands or lately stood "high and dry on the barrier reef in Torres' Straits with her Royal Yards across." His Excellency the Governor of Batavia states in remarking on this discrepancy, that it gives sufficient ground to encourage him in the hope that the residue of the Crew and Passengers of the *Charles Eaton* may still be discovered on some of those Islands of the Eastern Archipelago easily attainable to voyagers in an open boat from Torres' Straits. It has been therefore determined by His Excellency not to relax the efforts which he on the first vague intimation of the circumstances of the case so promptly and humanely caused to be made for the recovery of the surviving Crew of the *Charles Eaton*.

Official Report of the Examinations of Richard Quin, William Grindall, James Wright and Laurens Constantyn, Seamen of the Charles Eaton, British Merchant Ship, wrecked in Torres' Straits.

In pursuance of the instructions received to that effect from His Excellency the Governor General, for the time being, of Netherlands India, on this day, the 6th of December, in the Year of our Lord One Thousand Eight Hundred and Thirty-five.

Appeared before me, Daniel Francois Willem Pietermaat, Barrister at Law and Resident of Batavia, assisted by Cornelis Heije, Post Captain in the Dutch Navy and Master Attendant, and Frederik Jacobus Stoelman, Sworn Translator for the English language in this residence, the several Seamen herein aftermentioned, who arrived at Batavia from Amboina, on the 3d instant, in the Dutch brig *Patriot*, commanded by T. Clunies, and formerly belonged to the crew of the English bark *Charles Eaton*, Captain George Frederic Moorne, which Vessel was wrecked in the Torres' Straits.

In the first place. Richard Quin, aged 30 years, born in the county of Wexford, in Ireland, Sailor of profession.

In the second place. William Grindall, aged 23 years, born at Whitehaven, in England, Sailor of profession.

In the third place. James Wright, born at Edinburgh, aged 20 years, Sailor of profession, and

In the fourth place. Laurens Constantyn, aged 35 years, born at Charlestown, in North America, Carpenter of profession. The third Mate and acting Boatswain, named George Piggot, was not in attendance, being confined to the Hospital through serious indisposition.

The abovementioned appearants have been requested by me to give a circumstantial and true account, concerning the Shipwreck of the bark *Charles Eaton* abovementioned, and particularly to relate all circumstances from the moment they left the wreck of the said Vessel, until their arrival at Amboina, and the abovementioned Richard Quin, as well for himself as for the other appearants and in their presence, did declare, that they left the Downs on the 25th day of December, in the Year of our Lord One Thousand Eight Hundred and Thirty-three, on board of the English bark *Charles Eaton*, commanded by Captain George Frederic Moorne, the Cargo consisting in Calicoes and Lead, and belonging to the firm of Gladstone, Drailstone and Co. of London, Merchants, they being bound, via the Cape of Good Hope, to Sidney, in New South Wales.

That they left the port of Sidney on the 26th day of July, in the Year of our Lord One Thousand Eight Hundred and Thirty-four, and on the 15th day of August ensuing, at about ten o'clock in the forenoon it blowing a fresh full-sail breeze at the time the abovementioned Vessel struck on a Reef, called *the detached reef*, and situated at the entrance of the Torres' Straits.

That during the preceding night the Captain, as a measure of prudence, had ordered the first Reef to be taken in the Topsails, in order not to enter the passage before day-break.

That the Ship struck on the Reef so violently, that both the Keel and Rudder were instantly knocked off and carried away, and the Captain declared the Vessel was totally lost, at the same time giving orders to get the Boats ready and furnished with provisions, in order to endeavour to save the Ship's Company and reach the Island of Timor.

On inquiry how many Boats the Vessel possessed at the time she was wrecked, they answered four, viz. the Long Boat, two Cutters and a Dandy.

On inquiry in which Boat the appearants had saved themselves, they answered in the largest of the two Cutters abovementioned.

On inquiry how many persons did actually leave the wreck, they answered that only three men originally left the wreck, named William Grindall, Laurens Constantyn, and George Piggot abovementioned, whilst the two remaining appearants Richard Quin and James Wright, only reached the Cutter the next morning, by swimming across the bar or reef, at the peril of their lives.

On enquiry in which boat the Captain and Passengers endeavoured to save themselves, they answered that the boat in which the appearants fled for refuge, was the only one that remained; the others having been knocked to pieces and lost by the Ship's falling on her side.

On being asked whether they had not been able to save any more of the unfortunate Passengers and Crew, they answered that such was quite impossible, as they could not pull up the boat against the strong current; and no individual among the Passengers or Crew would venture amidst the heavy breakers, to reach the boat by swimming. That they, in consequence are unable to say or state, what is become of the Captain, Passengers, and the rest of the Crew: they can only affirm, that at the time Richard Quin and James Wright left the Wreck, all the Passengers were alive on the forecastle of the Vessel, with the exception of one Sailor named James Price, who was drowned by the smallest of the two cutters, swamping at the time she was lowered.

On enquiry after the names and number of the Passengers, who were on board at the time the Vessel was wrecked, they answered Captain D'Ayly, of the Bengal Artillery; his Wife, named Charlotte D'Ayly, with their two sons George and William; a Bengalese Woman-servant, (name unknown), and an English Gentleman, named Armstrong, aged about 25 years. The Ship's Crew consisted in 26 persons: as George Frederic Moorne, Commander; Robert Clare, Chief Mate; Mairs, Second Mate; Chinq and Perry, Midshipmen; Grant, Doktor; William Williams, Sailmaker; William Montgomery, Steward; John Berry, George Lawn, James Milar, Sam Moore, John Carr, Francis Hower, William Jeffries, Samuel Baylett, Charles Robertson, Francis Quail, Sailors; and John Sexton and John Ireland, Boys; besides the present appearants, the third Mate now confined by illness at the Hospital, and the man who was drowned as above-mentioned.

And the appearants further declared, that not seeing any possibility of saving any more of the Ship's Company, and not perceiving a single person in the morning of the next day on the wreck, they concluded, that these unhappy persons had been washed off the wreck by the increasing swell of the sea in the night, and all found a watery grave; that they took to sea on Sunday morning, the 17th of August ensuing, without being provided with compass or any other Nautical instruments. The whole of their provisions consisted in about 30 lbs. of hard bread, one ham, and a keg containing about four gallons of water, which had been immediately put in the boat before she was lowered.

That after driving about for about fifteen days on the ocean, steering by the sun and stars as westerly as possible, in order to reach Timor Coepang, they described the land which they took for the last mentioned island; they went ashore and provided themselves with some water and cocoanuts; but afterwards pursuing their course along the coast in the boat, they were attacked by a number of native praauws, and being worn out by fatigue without any arms to defend themselves, they were forced to surrender, the natives upset the boat and stripped the men of all their clothes; they afterwards were brought on shore, and at first the natives seemed inclined to kill them,

but through the intercession of two Chiefs, their lives were spared. They afterwards learnt, that they were on the island of Timor Laut, and more especially in the settlement called *Oliliet*. The two Native Chiefs abovementioned were named *Pabok* and *Lomba*.

They moreover declared that they were consequently well treated and a part of their clothes were given back to them, without being compelled by the Natives to perform any labour; their sustenance consisted in Indian corn, yams, a little rice and some fish, but the quantities given them were so small that it was but just sufficient to keep them alive.

That during their abode on that island they learnt that in one of the neighbouring settlements, called *Lauren*, at that period at war with the one in which they lived, there was still another European, who belonged to a Brig (English), that was wrecked there some years ago, and whose Crew had been murdered by the Natives, with the exception of two Boys, one of whom had since died there, according to the statement of the Natives.

That after sojourning more than thirteen months with the said Natives, a trading Prauw from Amboina arrived, and the appearants required permission from the Chiefs to depart with that vessel, promising soon to come back in an English Ship with Arms and Ammunition, in order to assist them in defeating their enemies. To this the Chiefs consented, and in the said Prauw they arrived at Amboina on the 7th day of October last, having had five days passage.

And all the abovementioned particulars, related by Richard Quin, were corroborated by the said William Grindall, James Wright, and Laurens Constantyn, who declared that all and every thing was agreeing with the truth, and they having signed these presents at my demand, did confirm the contents of the same by solemn *Oath*, in order to serve and avail as circumstances may require.

Done at Batavia, on the day and date first above written,

William Grindall.	The Resident of Batavia, D. W. Pietermaat.
this is the mark (†) of R. Quin.	The Master Attendant, C. Heije.
this is the mark (X) of J. Wright.	The Sworn Translator, Stoelman.
this is the mark (V) of L. Constantyn	

The abovementioned persons named Richard Quin, James Wright, and Laurens Constantyn having declared themselves unable to write, they have affixed their marks to these presents as above, and in our presence.

সন১৮৩৬ সাল ২৫ ফিব্রুয়ারি—

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, *Bazar*	*Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000
In each month when the Bhagarutty is navigable by the Government Steam Boats,	
At Culna,	500
At Berhampore,	1,000
During each month when the Bhagarutty is not navigable by the Government Steam Boats,	
At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantites) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contrators making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,

Published by Authority.

WEDNESDAY, MARCH 2, 1836.

FORT WILLIAM,
GENERAL DEPARTMENT, THE 26TH JUNE 1832

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

সন১৮৩৬ সাল ২৫ ফিব্রুয়ারি—

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, *Bazar*	*Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000

In each month when the Bhagarutty is navigable by the Government Steam Boats,

At Culna,	500
At Berhampore,	1,000

During each month when the Bhagarutty is not navigable by the Government Steam Boats,

At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantites) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contrators making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed " Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,
Controller of Govt. Steam Vessels.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter *in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing* the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Post Master General.

Calcutta, General Post Office, 18th February, 1836.

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, *Bazar*	*Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000

In each month when the Bhagarutty is navigable by the Government Steam Boats,

At Culna,	500
At Berhampore,	1,000

During each month when the Bhagarutty is not navigable by the Government Steam Boats,

At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantites) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contractors making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,

Controller of Govt. Steam Vessels.

Marine Board Office, Feb. 18, 1836.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, *and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty under the Regulation.*

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1834. G. J. SIDDONS, *Collector*.

CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUNPOWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI. LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for ONE VESSEL taken to ANOTHER—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

SATURDAY MORNING, MARCH 5, 1836.

FRIDAY NIGHT,—4TH MARCH, 1836.

The Right Honorable LORD AUCKLAND left Diamond Harbour in His Majesty's Ship *Jupiter*, under tow of a Steamer, at an early hour this-day, with the intention of reaching Calcutta in the course of the afternoon; but after passing the James and Mary in safety, His Majesty's Ship and the Steamer came in contact with a Brig and grounded. The Steamers in attendance rendered every assistance for the purpose, if possible, of getting the Ship afloat again before the fall of the tide, but finding this impossible, His Lordship, with his Family and Suite, removed on board the *Hooghley* Steamer, and made the best of his way to Calcutta. In consequence of this accident His Lordship did not arrive off Chandpal Ghat until ten o'clock at night. The Troops which had been kept under arms until nine had, at this time, been dismissed, and there were in waiting at the Ghat to receive His Lordship only the Secretaries of Government and the Private and Military Secretary of the Governor General. His Lordship, however, immediately landed and proceeded to the Government House, where were assembled to receive him all the principal Civil and Military Officers of the Presidency. His Lordship was met at the top of the great stairs by Sir CHARLES METCALFE, attended by the Members of Government and the Judges of His Majesty's Supreme Court, and by the other Gentlemen in attendance, and shortly afterwards proceeded into the Council Chamber, where, in the presence of the Public Officers in question, His Lordship's Commission was read, and he took the usual Oaths and his Seat in the Supreme Council of India.

The following Proclamation was ordered to be published:

PROCLAMATION.

WHEREAS the Right Honorable GEORGE LORD AUCKLAND, Knight Grand Cross of the Most Honorable Military Order of the Bath, hath been appointed by the Honorable the Court of Directors of the East India Company, to be Governor General of India, and Governor of Fort William in Bengal, upon and from the time of his arrival at Fort William in Bengal, or upon and from the time of his joining the major part of the Supreme Council of India: and WHEREAS General Sir HENRY FANE, G. C. B., Commander in Chief in India, hath been appointed to be an Extraordinary Member of the Council of India, and ALEXANDER ROSS, Esq., Lieutenant Colonel WILLIAM MORISON, C. B., and HENRY SHAKESPEAR, Esq., have been respectively appointed to be the First, Second and Third Ordinary Members of the said Supreme Council of India; and WHEREAS the Honorable Court of Directors have declared and confirmed THOMAS BABINGTON MACAULAY, Esq. to be and to continue the Fourth Ordinary Member of the said Council; and WHEREAS the said Right Honorable GEORGE LORD AUCKLAND, G. C. B., hath on the day and date hereof arrived in Calcutta, and assumed the said Offices of Governor General of India and Governor of Bengal,—The above recited Appointments are hereby notified, and it is further Proclaimed, that the said GEORGE LORD AUCKLAND, Governor General of India, hath this day taken the usual Oaths and his Seat in the Supreme Council of India, and the Honorable ALEXANDER ROSS, Esq., First Member of the said Council, being at this time absent at Agra, the said Lieutenant Colonel WILLIAM MORISON, H. SHAKESPEAR and THOMAS BABINGTON MACAULAY, Esqres., have respectively taken their Seats in the said Council.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the terms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

The Chokeys of the Calcutta Custom House established to the North of Calcutta, and on other routes of Transit from the City into the Interior for the levy of Transit or Inland Duties, shall be discontinued from the date stated, unless for the Security of the Town Duty Revenue it shall be deemed necessary by the Board of Customs, Salt and Opium, to maintain any of them. The passage however of all Goods and Merchandise, not subject to Town Duty into or out of Calcutta, saving and except the Import and Export of Goods by Sea, shall, from the 1st April next, be free, and no Ruwanas or protecting documents shall be required to accompany them.

The Chokeys under the Custom House at Hooghly, established for the levy of Special Duties on Goods passing into or out of the foreign Settlements within that District, will be maintained until further orders.

Mr. W. B. Jackson re-appointed to Officiate as Additional Judge at Ghazeepore.

Mr. W. H. Benson to Officiate as Civil and Session Judge of Juanpore.

Mr. G. Lindsay Ditto as Additional Judge of Goruckpore.

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year,	*Bazar Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000

In each month when the Bhagarutty is navigable by the Government Steam Boats,

At Culna,	500
At Berhampore,	1,000

During each month when the Bhagarutty is not navigable by the Government Steam Boats,

At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantites) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contrators making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,
Controller of Govt. Steam Vessels.

Marine Board Office, Feb. 18, 1836.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter *in quadruplicate* to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

DANGERS OFF THE S. WESTERN COASTS OF AUSTRALIA.

COMMUNICATED BY SIR JAMES STIRLING, R. N.

Maude's Reef, off King George's Sound, about a quarter of a mile in diameter, centre in Lat 35° 13′ S. Lon. 117° 57′ ½ E. On Flinder's Chart, according to the following bearings of the Land:

From Bald Head, extremity ....S. W. b. S. by Compass.
„ Eclipse Island, summit....E. S. E. „
„ Peak Head, summit ......S. ½ E. „
„ Vancouver's Reef,........S. S. W. ½ W. „

Soundings in 45 fathoms shelly sand, stones and coral, 2½ miles to E. S. E. from Maude's Reef.
„ 44 fathoms, coarse sand and shells, 2¼ miles, S. E. b. S. from ditto.
„ 47 fathoms coarse speckled sand with coral, 3½ miles S. b. E. ½ E from ditto.

Apparently 3 or 4 fathoms on the shoalest part at low water, as the sea breaks upon it only at times, when the water is low, and a heavy sea running.

Coventry Reef, off Cape Peron, bears from the N. W. extremity of Cape Peron S. W. ½ S. (magnetic) distant about 4½ miles. It is small, and nearly awash, with apparently 7 to 10 fathoms all round.

From Sandown, on Garden Island, (some remarkable white Sand Hills, about 2½ miles from its South end) Coventry Reef bears S. 18° ½ W. (magnetic) distant 8 miles.

Casuarina Shoal, 2½ miles W. ½ N. (magnetic) from N W Point of Garden Island, has 6 or 7 feet water on its shoalest part It is situated on the Five Fathom bank Westward of Garden Island, and has 10 fathoms water ½ of a mile to the Eastward and ½ a mile to the Westward of it.

Seaward Reef, with 6 or 7 feet water upon it, is a small patch of Rocks on the Five Fathom bank above referred to, and is situated 3½ miles W. ½ N. by Compass, from the North end of Carnac Island, or in a line between the S. W. end of Rottnest and the Haycock on Garden Island, and in a line with Rowboat Rock and Arthur's Head at the entrance of the Swan River.

Half a mile E. N. E. from Seaward Reef is a shoal rocky patch of 2 fathoms, with 6 and 6½ fathoms water between it and the Reef.

The Rambler, (off Cape Leeuwin) reported to be a small cluster of rocks even with the water's edge, lying 12 or 15 miles W. S. W. by Compass from the remarkable white sand patch on the Coast 6 or 7 miles to the Northward of the S. W. extremity of Cape Leeuwin.

Note.—Experience having more recently shewn that no reef exists in the position pointed out, the Rambler is probably the same as the Geographe.

Geographe Reef, off Cape Leeuwin, bears S. 27° W. by Compass from the body of the remarkable sand patch on the Coast to the Northward of Cape Leeuwin,—N. 55° W. by Compass, from the largest St. Alonam Island, and N. 67° W. by Compass from a small dark coloured rock with a peaked summit. Geographe Reef appears to be about 6 miles off the nearest land, and has 20 to 24 fathoms water at the distance of one sixth of a mile from its S. W., West and N. W. sides. Other reefs, partly dry, occupy a considerable portion of the space between it and the main; but the Channels amongst them are probably foul and rocky. When the Schooner *Ellen* passed close to the Reef on the 22d February 1835, the sea broke upon it only occasionally, when it appeared to be about ½ a mile in extent N. N. W. and S. S. E. and 200 yards wide, the sea was very little discoloured in its vicinity, and when not agitated would prevent the danger being seen at less than a cable's length.

There may probably be less than 2 fathoms on some of its most elevated rocks.

Pollock's Reef, (off the Recherche Archipelago) bears S. ½ W. by Compass, distant 14 miles from the S. E. Island of the Archipelago of Recherche. Lat by Flinder's Chart 34° 35′ S. Lon. 123° 20′ E.

Seen by the Barque *Merope*, Captain Pollock, in March, 1834, and supposed to extend 8 or 10 miles Eastward from the above position, but as the wind was blowing fresh from the Westward at the time, and it broke only in one place, the remainder was probably its wake or stream.

Anchorage in Flinder's Bay round the E. side of Cape Leeuwin. Best anchorage for Ships appears to be in about 7 fathoms, stiff brown clay with the Flagstaff on Barrack Point, W. ½ N St. Alonam Island, S. ½ E. and extreme of the Main Land S. W. ½ S. anchorage of H. M. *Sulphur*.

Naturaliste Reef, off Cape Naturaliste and Geographe Bay, appears to be accurately placed on the French Chart 16 or 17 miles N. b. E. by Compass from the extremity of Cape Naturaliste.

When seen from H. M. S *Sulphur* on 31st October 1831, its West end bore S. 10° W. (magnetic) when in a line with the highest land over Cape Naturaliste, and the Ship's head was W. b. N. It consists of 3 patches of rocks extending about 1½ mile N. E. b. E. and S. W. b. W with passages between them. Thirteen fathoms water at 1 mile North from the Reef—swell not very great at the time, and not constantly breaking. Captain Hudson of the Ship *Orelia*, saw this reef in 1830, and set it in a line with the extremity of Cape Naturaliste bearing S. b. W. by Compass; from which he considered it was distant 16 to 17 miles.

NOTICE is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, *Bazar*	*Maunds.*
At Rajhmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000
In each month when the Bhagarutty is navigable by the Government Steam Boats,	
At Culna,	500
At Berhampore,	1,000
During each month when the Bhagarutty is not navigable by the Government Steam Boats,	
At Koolna or Sainka Bazar,	500
At Commercolly,	1,000
At Bauleah	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantites) that may at the expiration of the six months of notice remain in the boats or depôts of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contrators making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,
Controller of Govt. Steam Vessels.

Marine Board Office, Feb. 18, 1836.

The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter *in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade*, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Published by Authority.

WEDNESDAY, MARCH 23, 1836.

GENERAL DEPARTMENT, THE 26TH JUNE 1822.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

Numb. 25. [279]

The Calcutta Gazette.

Published by Authority.

☞ *It is requested that Government Notifications for the Calcutta Gazette, of any length, may be sent to the Press before Noon of Friday, and those of a few lines only before 5 P. M. of that day.*

SATURDAY, MARCH 26, 1836.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

We the undersigned, in conformity with the 25th Section of the Regulations, give notice, that a Special General Meeting will be held at the Town Hall at Ten A. M., on Saturday, the 7th May next, for the purpose of taking into consideration the expediency of forwarding, for the approval of the Honorable Court of Directors, the annexed proposed new Rule, in substitution of Section 26 of the present Rules, which Section appears to make no distinction between cases of great and of minor importance, by requiring that "all questions proposed at a General Meeting, whether Annual or Special, shall be determined by a majority of "three-fourths of the Members, who may either be "present at such General Meeting, or vote thereat by "Proxy."

NEW RULE PROPOSED TO BE SUBSTITUTED FOR RULE 26.

All questions proposed at a General Meeting, whether Annual or Special, not involving any increase or diminution of the rate of Subscriptions, nor any essential addition to, or alteration in, the Original Rules and Principles of the Institution, shall be determined by a majority of the Members, who may either be actually present at such General Meeting, or vote thereat by Proxy, provided always that the concurrent voices of nine Members at least, actually present, shall be requisite to determine upon any question whatever; but no question so proposed involving any increase or diminution of the rate of Subscriptions, or any essential addition to, or alteration in, the Original Rules and Principles of the Institution, shall be carried unless supported by a majority of three-fourths of the Members voting thereon; and upon all such questions as those last specified, all Subscribers in India who may not be able to attend the Meeting in person, shall be allowed to deliver their sentiments and votes by a written communication, to be signed by them, and to be addressed to the Chairman of the Meeting; provided always, that no decision upon such question shall be valid, or have any effect, until sanctioned and approved by the Court of Directors of the East India Company, to whom all parties, considering themselves aggrieved by such decision, shall have a right of appeal, and the decision of the Court of Directors shall, in all cases, be final.

CIVIL SERVICE ANNUITY FUND.

At a Special General Meeting of Subscribers to the Civil Service Annuity Fund, held pursuant to notice at the Town Hall at 11 A. M., on Saturday, the 19th March, 1836.

Mr. Pattle as the Chairman of the Committee, having opened the Meeting by reading the notice convening it, Mr. C. W. Smith, at that Gentleman's suggestion, was unanimously called to the Chair.

It was proposed by Mr. W. R. Young, and seconded by Mr. R. Houstoun, that the Minutes of the Managers relative to the appointment of the Secretary be read.

This proposition being opposed by Mr. Parker and Mr. Prinsep, Mr. Young's motion was put from the Chair and lost.

Mr. Morley then moved, and was seconded by Mr. Oakes, that the appointment of Mr. McClintock to the Office of Secretary to the Civil Annuity Fund, be confirmed.

It was thereupon moved as a preliminary Resolution by Mr. Prinsep, that as it was impossible to obtain the votes of three-fourths of the Subscribers, either for the confirmation or rejection of the appointment, the question be determined by a mere majority of votes.

Mr. Taylor moved as a necessary preliminary to the original motion, that Mr. Trower's right to vote in the Committee of Management be in the first instance settled by the Meeting, as unless Mr. Trower had a right to vote, no appointment had taken place. Mr. Siddons seconded Mr. Taylor's motion, which being put from the Chair, was carried by a large majority.

Mr. Morley's original motion was then put to the vote by the Chairman, and upon a division and scrutiny, the votes were found to be as follow:

For confirming the appointment of Mr. McClintock, present 20, proxies 117, total 137.

Against confirming the appointment present 20, proxies 191, total 211.

The following Resolution was then moved by Mr. R. D. Mangles, and seconded by Mr. Bushby, "That the Managers having unanimously referred "the matter of Mr. McClintock's election to this "Meeting, and it having been proposed by Mr. "Morley, and seconded by Mr. Oakes, that the "appointment of Mr. McClintock be confirmed, and "it appearing on a division upon that question, that "three-fourths of the Subscribers present or voting "by proxy, are not in favor of confirmation (the "numbers being ayes 137 and noes 211,) Resolved, "that the Secretaryship be declared vacant."

Upon this, an Amendment was proposed by Mr. W. H. Macnaghten to the following effect, and seconded by Mr. Reid: "That as the notice according to which the present Meeting is convened, "contains no distinct proposition, and as by the "Rules of our Fund, a majority of three-fourths of "the Subscribers is required to determine any question, the present Meeting be adjourned, and that "the following distinct proposition be put to the "Service at large."

That the appointment of Mr. McClintock as Secretary to the Annuity Fund, made in the first instance by "a majority (of which Mr. Trower a Non-Sub-" scribing Manager, was one) be set aside, and that " Mr. J. P. Grant be elected Secretary in his room."

This Amendment being put from the Chair, and negatived by the whole Meeting, Mr. Mangles' original motion was put, when the votes were found to be as follows :

For the motion present........	21	
General proxies........	67	
		88
Against the motion present..		13
Majority....		75

The Chairman having left the Chair, a vote of thanks to him was proposed by Mr. Pattle for his able and impartial conduct in the Chair, which was carried unanimously, after which the Meeting was dissolved.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in *each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished* by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. 'Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUNPOWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI. LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for ONE VESSEL taken to ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

5. Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shewn in the subjoined Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application, stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for,) an order upon the Salt Agent, or Superintendent of the Sulkea Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negociable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within Three Months, from the date of the Board's order for delivery, Golah rent and wastage will be charged as at present, viz. at the rate of 1 Rupee per mensem for each 100 Maunds.

6. Government will make no reduction whatever in the price of any Salt stored at any Ghaut or Golah in the subjoined Schedule, without giving Two Months previous notice.

All notices in regard to any reduction in the price of Salt sold from Government Golahs, will be inserted in the *Calcutta Gazette*, and copies will be appended at all Government Ghaut and Golah Stations from which Salt is deliverable; also, at the Board's Office, and in the Cutcherries of all Salt Agents and Superintendents of Salt Chokeys.

8. Government do not contemplate the necessity of renewing the system of Public Sales, but should a recurrence to that system become indispensable, Six Months notice of the same will be given, and the notice will specify the upset price per Hundred Maunds at which each description of Salt will be offered for Public Sale after the expiration of Six Months from the date of such notice.

9. All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10. The above Conditions are not to be considered as in any wise precluding the Re-sale by Public Auction, and for the enforcement of Conditions of Sale of the Salt purchased at the Public Sales prior to the 1st March 1836, which will be put up for Sale as usual, if the Deposits, or if the price bid for the same remains unpaid.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

SATURDAY, APRIL 9, 1836.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE is hereby given, that from and after this date, the practice of selling Government Salt by periodical Public Sales for the supply of the Markets of the interior, will be discontinued.

2. From and after the 1st July next, Salt will be sold by private sale, and at fixed prices, in quantities of not less than 250 Maunds,—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, as Maunds 300, Maunds 350, Maunds 400, Maunds 500, &c.

4. The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the subjoined Schedule.

5. Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shewn in the subjoined Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application, stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for,) an order upon the Salt Agent, or Superintendent of the Sulkea Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negociable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within Three Months, from the date of the Board's order for delivery, Golah rent and wastage will be charged as at present, viz. at the rate of 1 Rupee per mensem for each 100 Maunds.

9. All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10. The above Conditions are not to be considered as in any wise precluding the Re-sale by Public Auction, and for the enforcement of Conditions of Sale of the Salt purchased at the Public Sales prior to the 1st March 1836, which will be put up for Sale as usual, if the Deposits, or if the price bid for the same remains unpaid.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE is hereby given, that from and after this date, the practice of selling Government Salt by periodical Public Sales for the supply of the Markets of the interior, will be discontinued.

2. From and after the 1st July next, Salt will be sold by private sale, and at fixed prices, in quantities of not less than 250 Maunds,—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, as Maunds 300, Maunds 350, Maunds 400, Maunds 500, &c.

3. The Salt will be deliverable in the same manner and upon the same documents as at present from the several Ghauts and Golahs specified in the subjoined Schedule.

4. The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the subjoined Schedule.

5. Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shewn in the subjoined Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application, stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for,) an order upon the Salt Agent, or Superintendent of the Sulkea Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negociable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within Three Months, from the date of the Board's order for delivery, Golah rent and wastage will be charged as at present, viz. at the rate of 1 Rupee per mensem for each 100 Maunds.

6. Government will make no reduction whatever in the price of any Salt stored at any Ghaut or Golah in the subjoined Schedule, without giving Two Months previous notice.

7. All notices in regard to any reduction in the price of Salt sold from Government Golahs, will be inserted in the *Calcutta Gazette*, and copies will be appended at all Government Ghaut and Golah Stations from which Salt is deliverable; also, at the Board's Office, and in the Cutcherries of all Salt Agents and Superintendents of Salt Chokeys.

8. 9. All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10. The above Conditions are not to be considered as in any wise precluding the Re-sale by Public Auction, and for the enforcement of Conditions of Sale of the Salt purchased at the Public Sales prior to the 1st March 1836, which will be put up for Sale as usual, if the Deposits, or if the price bid for the same remains unpaid.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter *in quadruplicate* to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTIFICATION.

New Orders regarding the Shipment of Raw Cotton, published for general information.

1.—Shipments of Cotton will be made as heretofore at the option of the Individual either from the Wharf, or from the Screw Houses. If shipped from the Screws it will be considered as allowed by indulgence or in relaxation of the Rule prescribed by Section 74, Regulation 9, of 1810, and Individuals availing themselves thereof will be required to bear the expence of the Tide Waiter, who may be deputed to superintend the transaction. Any one declining to submit to this condition, cannot be allowed to ship otherwise than from the Custom House Wharf.

2.—The Export Chellauns to be continued to be drawn up in the form now observed, but in the event of the shipment being intended to be made from the Screw House instead of the Wharf, the name of the place or Screw House must be specified on the face of the Chellaun, and also that the Shipper is willing to defray the expence of the Tide Waiter whilst superintending its shipment.

3.—Applications for the shipment of Cotton will not be required to be reported upon by the Tide Waiter, but are to be presented direct to the Collector of Customs, or his Deputy, when the order for shipment will be granted after payment, by the Exporters, of any Duty which may be chargeable upon the article.

4.—Cotton intended to be relanded will be allowed to be carried direct to the Screw House, provided the Owners bear the expence of a Tide Waiter to superintend the landing and delivering of the article, otherwise it will be allowed to be passed only from the Custom House Wharf.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,
GENERAL DEPARTMENT,
THE 20TH APRIL, 1836.

CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Chokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at as early a date as circumstances may admit.

By Order of the Governor General in Council,

H. T. PRINSEP,
Secy. to the Govt.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information :

Resolution. By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned ; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on the Commerce of either Country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal ; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

ACT NO. —— OF 1836.

Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea, shall be repealed. Provided, however, that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokees established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line, for import into, or export from, the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

Except as regards the Jumna Frontier Line.

Import Duties to be levied according to Schedule A. annexed.

II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta, or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

Export Duties to be collected on Country Goods according to Schedule B. annexed.

III. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any Port of the Presidency of Fort William in Bengal, according to the rates specified in the Schedule B. annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto, shall also be taken to be a part of this Act.

IV. And it is hereby enacted, that no Goods or articles whatsoever entered in either of the said Schedules, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bengal. Provided, however, that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty, as heretofore, any baggage in actual use, at his discretion, and in case of any person applying to have Goods passed as such, the Collector acting under the orders of the Board of Customs, Salt and Opium, shall determine whether they be baggage in actual use, or Goods subject to duty, under the Rules of this Regulation.

No Goods entered therein as liable to duty to be exempted, except by order of Government.

But the Collector may pass baggage parcels or necessaries belonging to Passengers at his discretion.

V. And it is hereby enacted, that the Rules and Regulations now established for the levy of duties of Customs on Goods imported into, or exported from, Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force, and shall be observed and applied for the levy of the Import and Export Duties imposed by this Act.

Existing Rules to be enforced for levying the new Import and Export Duties.

VI. And it is hereby further enacted, that it shall be competent to the Collector of Customs at any Port of the said Presidency, at his discretion, to send one or more Officers of Customs on board of any vessel coming into, or lying in the River, or Port, subject to his authority, and the Custom House Officer so sent, shall remain on board of such Vessel by day and by night, until the Vessel shall leave the Port, or until it be otherwise ordered by the Collector of Customs.

Collector empowered to send Custom House Officers on board Vessels to stay there till they sail.

VII. And it is hereby enacted, that any Master or person in charge of such Vessel who shall refuse to receive a Custom House Officer on board when so deputed as above provided, or shall not afford such Officer suitable shelter and sleeping accommodation while on board, shall be liable to Fine, not exceeding the sum of 1,000 Rupees, which Fine shall be adjudged by and at the discretion of the Board of Customs, Salt and Opium at Calcutta, and the Vessel, by the Master or person in charge of which, such Fine shall have been incurred, shall not be moved until the same shall be paid.

Persons refusing to admit Custom House Officers or not giving them proper accommodation liable to Fine.

VIII. And it is hereby enacted, that no Goods shall be allowed to leave any Vessel, or to be put on board thereof, until entry of the Vessel shall have been duly made in the Custom House of the Port, and Order shall have been given for discharge of the Cargo thereof, and it shall be the duty of the Custom House Officer on board, and of all Officers of Customs, to seize as Contraband any Goods or Merchandize removed, or attempted to be removed from on board of the Vessel, or attempted to be put on board thereof in contravention of the above Provision. And after entry at the Custom House in due form, the Cargo of every such Vessel shall be sent to land. And Export Cargo shall be laden on board thereof according to the rules and practice now in force, and if an attempt be made to land or put on board Goods or Merchandize in contravention thereof, the Goods or Merchandize shall be liable to seizure and confiscation.

Goods not to be landed or put on board till entry of the Ship is duly made.

Cargo to be sent ashore and laden outwards according to existing Forms.

IX. And it is hereby enacted, that any Custom House Officer whatsoever who shall demand, or accept any gratuity, not authorized by any existing Regulation or Order of Government in consideration of doing any Act in his Official capacity, shall forfeit for every such offence the sum of 500 Rupees, and any person who shall offer a Bribe to any Custom House Officer in order to induce such Officer to act in a manner inconsistent with his duty, shall forfeit a like sum; and these penalties shall be adjudged on conviction before any Magistrate or Justice of the Peace of the Town, District, or Place, where the Custom House may be established by such Magistrate, and in default of payment any person so convicted, shall be committed to the Civil Jail of the City or District until the fine be paid, or for a period not exceeding six months.

Custom House Officers taking unauthorized Fees or Bribes subject to penalty of 500 Rupees.

Same penalty on persons offering.

X. And it is hereby enacted, that when Goods shall be seized as contraband and liable to confiscation, the Collector of Customs shall investigate the case, and according to his judgment, shall either release the Goods or adjudge them to confiscation, and whenever he shall declare Goods to be confiscated, he shall report his proceedings for confirmation and final adjudication by the Board of Customs, Salt and Opium. Provided however, that nothing herein contained shall be construed to prevent the Governor of Bengal from ordering the release of Goods seized, or from remitting any penalty whatsoever that may be incurred for contravention of the Customs Laws.

Collector to investigate and adjudge confiscation.

Board's confirmation necessary.

XI. And it is hereby further enacted, that twenty days shall be allowed for the discharge of the Import Cargo of Vessels not exceeding six hundred Tons of registered burthen, and thirty days for the discharge of the Import Cargo of Vessels exceeding that amount of registered tonnage, and the said periods shall be calculated from the day of the Tide Waiter, or other Custom House Officer, first going on board. And if the whole Cargo be not discharged by the expiration of the above stated periods respectively, the Master or Commander shall be charged with the Tide Waiter's or other Officer's wages, and other expences, for any further period that he or they may be detained on board. And if the Owners, Importers, or Consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master or Commander so to do. And if any Goods remain on board after the time fixed as above, for the discharge of the Import Cargo, the Collector may order the same to be landed and warehoused, for the security of the duties chargeable, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the Vessel, to cause any Packages to be brought on shore, and to be deposited in the Government Warehouse for the Security of the Duties and Charges thereon, although twenty days may not have expired from the entry of such Vessel—and in case Goods so landed and warehoused be not claimed and cleared from the Custom House within three months from the date of landing, it shall be competent to the Collector to sell the same on account of the Duties, Freight, and other Charges incurred and due thereon.

Twenty or thirty days allowed to clear inwards.

After which the Master to pay charges of the Custom House Officer.

Master to land Goods if Consignees do not.

If these fail Collector may land and warehouse.

And may land Packages before twenty days with consent of Master.

After three months, Goods may be sold for payment of Duties and Charges.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorising the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,
GENERAL DEPARTMENT, THE 26TH JUNE 1822.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, *according to a form which will be furnished by the Board of Trade*, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

Tent Contractors, Futtehghur.

MESSRS. JAQUES AND CO., TENT CONTRACTORS, FUTTEHGHUR.—The highly flattering and distinguished preference which our Establishment has experienced for the last three years, induce us to avail ourselves of the termination of the commercial year, to address our numerous friends, constituents and the public, on terms of congratulation and thankful acknowledgements.

The superiority of the Camp Equipage manufactured by us, both as regards *materials*, *neatness* and *style*, is now so well known in all the Presidencies, as to require little or no comment from us; we may however be permitted to state, that we have fully redeemed the pledge we formerly gave, viz.

"*That every Tent should be manufactured in our Factory, under our immediate superintendence, and every material used new and of the best quality:*"—To this pledge we shall strictly adhere, trusting that the attention invariably paid by us in the execution of all orders entrusted to our care, will insure to us a continuation of that splendid patronage our Estabment has hitherto experienced.

Orders from every part of India will continue to be executed and dispatched with the least possible delay and cost; and we hope that all our kind friends and supporters will do us the favor to bear in mind, how essentially necessary it is that all their orders should be accompanied with the usual advance, including transit charges, the risk of which rests with the purchasers.

JAQUES & CO.

NOTICE.

FORT WILLIAM,
GENERAL DEPARTMENT,
THE 20TH APRIL, 1836.

CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Chokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at as early a date as circumstances may admit.

By Order of the Governor General in Council,

H. T. PRINSEP,

Secy. to the Govt.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information :

Resolution.

By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned ; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on the Commerce of either Country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal ; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

ACT No. —— OF 1836.

Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea, shall be repealed. Provided, however, that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokees established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line, for import into, or export from, the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

Except as regards the Jumna Frontier Line.

Import Duties to be levied according to Schedule A. annexed.

II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta, or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

Export Duties to be collected on Country Goods according to Schedule B. annexed.

III. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any Port of the Presidency of Fort William in Bengal, according to the rates specified in the Schedule B. annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto, shall also be taken to be a part of this Act.

No Goods entered therein as liable to duty to be exempted, except by order of Government.

IV. And it is hereby enacted, that no Goods or articles whatsoever entered in either of the said Schedules, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bengal. Provided, however, that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty, as heretofore, any baggage in actual use, at his discretion, and in case of any person applying to have Goods passed as such, the Collector acting under the orders of the Board of Customs, Salt and Opium, shall determine whether they be baggage in actual use, or Goods subject to duty, under the Rules of this Regulation.

But the Collector may pass baggage parcels or necessaries belonging to Passengers at his discretion.

Existing Rules to be enforced for levying the new Import and Export Duties.

V. And it is hereby enacted, that the Rules and Regulations now established for the levy of duties of Customs on Goods imported into, or exported from, Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force, and shall be observed and applied for the levy of the Import and Export Duties imposed by this Act.

VI. And it is hereby further enacted, that it shall be competent to the Collector of Customs at any Port of the said Presidency, at his discretion, to send one or more Officers of Customs on board of any vessel coming into, or lying in the River, or Port, subject to his authority, and the Custom House Officer so sent, shall remain on board of such Vessel by day and by night, until the Vessel shall leave the Port, or until it be otherwise ordered by the Collector of Customs.

Collector empowered to send Custom House Officers on board Vessels to stay there till they sail.

Persons refusing to admit Custom House Officers or not giving them proper accommodation liable to Fine.

VII. And it is hereby enacted, that any Master or person in charge of such Vessel who shall refuse to receive a Custom House Officer on board when so deputed as above provided, or shall not afford such Officer suitable shelter and sleeping accommodation while on board, shall be liable to Fine, not exceeding the sum of 1,000 Rupees, which Fine shall be adjudged by and at the discretion of the Board of Customs, Salt and Opium at Calcutta, and the Vessel, by the Master or person in charge of which, such Fine shall have been incurred, shall not be moved until the same shall be paid.

Goods not to be landed or put on board till entry of the Ship is duly made.

VIII. And it is hereby enacted, that no Goods shall be allowed to leave any Vessel, or to be put on board thereof, until entry of the Vessel shall have been duly made in the Custom House of the Port, and Order shall have been given for discharge of the Cargo thereof, and it shall be the duty of the Custom House Officer on board, and of all Officers of Customs, to seize as Contraband any Goods or Merchandize removed, or attempted to be removed from on board of the Vessel, or attempted to be put on board thereof in contravention of the above Provision. And after entry at the Custom House in due form, the Cargo of every such Vessel shall be sent to land. And Export Cargo shall be laden on board thereof according to the rules and practice now in force, and if an attempt be made to land or put on board Goods or Merchandize in contravention thereof, the Goods or Merchandize shall be liable to seizure and confiscation.

Cargo to be sent ashore and laden outwards according to existing Forms.

Custom House Officers taking unauthorized Fees or Bribes subject to penalty of 500 Rupees.

IX. And it is hereby enacted, that any Custom House Officer whatsoever who shall demand, or accept any gratuity, not authorized by any existing Regulation or Order of Government in consideration of doing any Act in his Official capacity, shall forfeit for every such offence the sum of 500 Rupees, and any person who shall offer a Bribe to any Custom House Officer in order to induce such Officer to act in a manner inconsistent with his duty, shall forfeit a like sum; and these penalties shall be adjudged on conviction before any Magistrate or Justice of the Peace of the Town, District, or Place, where the Custom House may be established by such Magistrate, and in default of payment any person so convicted, shall be committed to the Civil Jail of the City or District until the fine be paid, or for a period not exceeding six months.

Same penalty on persons offering.

Collector to investigate and adjudge confiscation.

X. And it is hereby enacted, that when Goods shall be seized as contraband and liable to confiscation, the Collector of Customs shall investigate the case, and according to his judgment, shall either release the Goods or adjudge them to confiscation, and whenever he shall declare Goods to be confiscated, he shall report his proceedings for confirmation and final adjudication by the Board of Customs, Salt and Opium. Provided however, that nothing herein contained shall be construed to prevent the Governor of Bengal from ordering the release of Goods seized, or from remitting any penalty whatsoever that may be incurred for contravention of the Customs Laws.

Board's confirmation necessary.

Twenty or thirty days allowed to clear inwards.

XI. And it is hereby further enacted, that twenty days shall be allowed for the discharge of the Import Cargo of Vessels not exceeding six hundred Tons of registered burthen, and thirty days for the discharge of the Import Cargo of Vessels exceeding that amount of registered tonnage, and the said periods shall be calculated from the day of the Tide Waiter, or other Custom House Officer, first going on board. And if the whole Cargo be not discharged by the expiration of the above stated periods respectively, the Master or Commander shall be charged with the Tide Waiter's or other Officer's wages, and other expences, for any further period that he or they may be detained on board. And if the Owners, Importers, or Consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master or Commander so to do. And if any Goods remain on board after the time fixed as above, for the discharge of the Import Cargo, the Collector may order the same to be landed and warehoused, for the security of the duties chargeable, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the Vessel, to cause any Packages to be brought on shore, and to be deposited in the Government Warehouse for the Security of the Duties and Charges thereon, although twenty days may not have expired from the entry of such Vessel—and in case Goods so landed and warehoused be not claimed and cleared from the Custom House within three months from the date of landing, it shall be competent to the Collector to sell the same on account of the Duties, Freight, and other Charges incurred and due thereon.

After which the Master to pay charges of the Custom House Officer.

Master to land Goods if Consignees do not.

If these fail Collector may land and warehouse.

And may land Packages before twenty days with consent of Master.

After three months, Goods may be sold for payment of Duties and Charges.

Arab and Foreign Asiatic Vessels to be treated as Foreigners.

XII. And it is hereby further enacted, that Vessels owned by Natives of Arabia, and coming from the Ports thereof, and likewise the Vessels of any Country or Port of Asia, not subject to the Dominion of the King of the United

Kingdom of Great Britain and Ireland, shall be deemed Foreign Vessels.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, *according to a form which will be furnished by the Board of Trade, signifying* their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—*Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing* the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, *payable* at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

FORT WILLIAM, GENERAL DEPARTMENT,

THE 20TH APRIL, 1836.

CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Chokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at as early a date as circumstances may admit.

By Order of the Governor General in Council,

H. T. PRINSEP,

Secy. to the Govt.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

Resolution. By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on the Commerce of either Country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

ACT No. —— OF 1836.

Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea, shall be repealed. Provided, however, that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokees established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line, for import into, or export from, the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

Except as regards the Jumna Frontier Line.

Import Duties to be levied according to Schedule A. annexed.

II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta, or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

Export Duties to be collected on Country Goods according to Schedule B. annexed.

III. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any Port of the Presidency of Fort William in Bengal, according to the rates specified in the Schedule B. annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto, shall also be taken to be a part of this Act.

No Goods entered therein as liable to duty to be exempted, except by order of Government.

IV. And it is hereby enacted, that no Goods or articles whatsoever entered in either of the said Schedules, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bengal. Provided, however, that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty, as heretofore, any baggage in actual use, at his discretion, and in case of any person applying to have Goods passed as such, the Collector acting under the orders of the Board of Customs, Salt and Opium, shall determine whether they be baggage in actual use, or Goods subject to duty, under the Rules of this Regulation.

But the Collector may pass baggage parcels or necessaries belonging to Passengers at his discretion.

Existing Rules to be enforced for levying the new Import and Export Duties.

V. And it is hereby enacted, that the Rules and Regulations now established for the levy of duties of Customs on Goods imported into, or exported from, Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force, and shall be observed and applied for the levy of the Import and Export Duties imposed by this Act.

Collector empowered to send Custom House Officers on board Vessels to stay there till they sail.

VI. And it is hereby further enacted, that it shall be competent to the Collector of Customs at any Port of the said Presidency, at his discretion, to send one or more Officers of Customs on board of any vessel coming into, or lying in the River, or Port, subject to his authority, and the Custom House Officer so sent, shall remain on board of such Vessel by day and by night, until the Vessel shall leave the Port, or until it be otherwise ordered by the Collector of Customs.

Persons refusing to admit Custom House Officers or not giving them proper accommodation liable to Fine.

VII. And it is hereby enacted, that any Master or person in charge of such Vessel who shall refuse to receive a Custom House Officer on board when so deputed as above provided, or shall not afford such Officer suitable shelter and sleeping accommodation while on board, shall be liable to Fine, not exceeding the sum of 1,000 Rupees, which Fine shall be adjudged by and at the discretion of the Board of Customs, Salt and Opium at Calcutta, and the Vessel, by the Master or person in charge of which, such Fine shall have been incurred, shall not be moved until the same shall be paid.

Goods not to be landed or put on board till entry of the Ship is duly made.

VIII. And it is hereby enacted, that no Goods shall be allowed to leave any Vessel, or to be put on board thereof, until entry of the Vessel shall have been duly made in the Custom House of the Port, and Order shall have been given for discharge of the Cargo thereof, and it shall be the duty of the Custom House Officer on board, and of all Officers of Customs, to seize as Contraband any Goods or Merchandize removed, or attempted to be removed from on board of the Vessel, or attempted to be put on board thereof in contravention of the above Provision. And after entry at the Custom House in due form, the Cargo of every such Vessel shall be sent to land. And Export Cargo shall be laden on board thereof according to the rules and practice now in force, and if an attempt be made to land or put on board Goods or Merchandize in contravention thereof, the Goods or Merchandize shall be liable to seizure and confiscation.

Cargo to be sent ashore and laden outwards according to existing Forms.

Custom House Officers taking unauthorized Fees or Bribes subject to penalty of 500 Rupees.

IX. And it is hereby enacted, that any Custom House Officer whatsoever who shall demand, or accept any gratuity, not authorized by any existing Regulation or Order of Government in consideration of doing any Act in his Official capacity, shall forfeit for every such offence the sum of 500 Rupees, and any person who shall offer a Bribe to any Custom House Officer in order to induce such Officer to act in a manner inconsistent with his duty, shall forfeit a like sum; and these penalties shall be adjudged on conviction before any Magistrate or Justice of the Peace of the Town, District, or Place, where the Custom House may be established by such Magistrate, and in default of payment any person so convicted, shall be committed to the Civil Jail of the City or District until the fine be paid, or for a period not exceeding six months.

Same penalty on persons offering.

Collector to investigate and adjudge confiscation.

X. And it is hereby enacted, that when Goods shall be seized as contraband and liable to confiscation, the Collector of Customs shall investigate the case, and according to his judgment, shall either release the Goods or adjudge them to confiscation, and whenever he shall declare Goods to be confiscated, he shall report his proceedings for confirmation and final adjudication by the Board of Customs, Salt and Opium. Provided however, that nothing herein contained shall be construed to prevent the Governor of Bengal from ordering the release of Goods seized, or from remitting any penalty whatsoever that may be incurred for contravention of the Customs Laws.

Board's confirmation necessary.

Twenty or thirty days allowed to clear inwards.

XI. And it is hereby further enacted, that twenty days shall be allowed for the discharge of the Import Cargo of Vessels not exceeding six hundred Tons of registered burthen, and thirty days for the discharge of the Import Cargo of Vessels exceeding that amount of registered tonnage, and the said periods shall be calculated from the day of the Tide Waiter, or other Custom House Officer, first going on board. And if the whole Cargo be not discharged by the expiration of the above stated periods respectively, the Master or Commander shall be charged with the Tide Waiter's or other Officer's wages, and other expences, for any further period that he or they may be detained on board. And if the Owners, Importers, or Consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master or Commander so to do. And if any Goods remain on board after the time fixed as above, for the discharge of the Import Cargo, the Collector may order the same to be landed and warehoused, for the security of the duties chargeable, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. 1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th —Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILIAM, *16th May*, 1836.

No. 95 of 1836.—His Excellency the Commander in Chief having laid before Government an Extract from the Proceedings of an European General Court Martial recently held at Nusseerabad, from which it appears that a broad latitude of interpretation has been given in the verdict of the Court to the term "a Mess," the Right Hon'ble the Governor General of India in Council, with a view of defining the ordinary acceptation of the words of the prescribed Monthly Certificate, signed by the Commanding Officer of each Corps in which a Mess is maintained, is pleased to declare, that "a Mess being maintained" is intended to imply, that such an arrangement has been made in the Regiment, as will enable the Officers to meet together in Mess; and will afford the sort of home for Officers which will obviate the necessity for each keeping a separate and expensive Establishment.

2. For forming "a Mess," a contribution from the Officers of a Regiment must be necessary to provide Table Equipage, &c., &c, and a former Government, highly approving the principle of a Regimental Mess, liberally granted a specified monthly allowance to aid in maintaining the same; but they never could have contemplated the allowance being drawn when a Mess was not, bona fide, *established*.

3. The General Court Martial before alluded to, having recorded an opinion, that a Commanding Officer is justified in authorizing the drawing of the Mess Allowance when no Mess is established, it has become requisite for the Right Hon'ble the Governor General in Council to notify, that the *formation* of a Mess in a Corps must always be antecedent to the drawing of the Allowance.

4. The Certificate to be signed by a Commanding Officer, must in future run, that, "a Mess has been established and is maintained" in the Corps; and the Allowance is not to be drawn until the first has been arranged; and no longer than the second can be certified.

5. His Lordship in Council desires that the Army will understand that, by the alteration now made, it is not intended to throw the slightest impediment in the way of the formation of Regimental Messes: on the contrary, the institution is one which is highly approved and much recommended.

6. The Commander in Chief having further observed that a balance of the Government Mess Allowance drawn on the occasion under consideration remains unappropriated, His Lordship in Council desires, that the Military Auditor General will see that the same is recovered on the public account.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

Pondichery, the 10th March, 1836.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MAY 25, 1836.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

Civil Service Annuity Fund Meeting.

AT a Special General Meeting of Subscribers to the Civil Service Annuity Fund, held pursuant to notice, at the Town Hall, at 11 A. M., on Friday, the 20th May, 1836.

Mr. Pattle voted in the Chair.—Read the requisition convening the Meeting as published in the several newspapers for the past six weeks.

Mr. G. Udny moved, seconded by Mr. Rattray, that it be resolved that the rules which provide that all acts of the Managers shall be open to 'revision and control' by three-fourths or more of the voters at a duly-convened General Meeting, are not intended to require that *every* act of the Managers, shall have the *confirmation* of the said number of voters at a said General Meeting, but that the acts of the Managers *(provided those acts be contemplated by the rules)* shall be good and binding, if not *voted or negatived* by the said number of voters at a said General Meeting.

Mr. Prinsep moved as an amendment, that it be resolved—

That the proceedings at the Meeting of Managers held on the 25th March last, relating to the subject of the propositions advertised to be brought before this Meeting, be read and entered in the minutes of the proceedings of this Meeting, and that this Meeting do approve and confirm the said proceedings.

The votes having been taken on this amendment there appeared,

	Present.	*Proxies.*

Against the amendment, ...	5	0
	4	36

The amendment was carried by a majority of forty votes, and the proceedings were read, entered, confirmed and approved accordingly as follow :—" Read the following protest signed by four of the Managers, viz.

" ' As Managers of the Annuity Fund, we desire to enter our protest against the position assumed at the Special Meeting of the 19th instant that a decision of a majority of the Managers in regard to any act performed by them in conformity with the rules of the Fund is not valid, unless confirmed by a majority of three-fourths of the subscribers voting at a General Meeting on the subject of such act of the Managers.

" ' Because if this position be maintained it will be in the power of any member however small in excess of one-fourth of those voting on the question, to reverse any act however legal of the Managers notwithstanding that they are the confidential Agents and Trustees of the whole Service in respect to the management of the Fund, whereas the obvious tendency of the rules is to discourage any departure from the system prescribed by them by requiring a majority of at least three-fourths of the voters in regard to any deviation from their spirit.'

(Signed) J. A. DORIN.
" C. TROWER.
" C. MORLEY.
" W. H. OAKES.

" Upon which the following Gentlemen recorded their sentiments, as follows :—

" ' The undersigned declare that in their opinion the position stated in the above protest, viz. that any act of the Managers is not valid unless confirmed by a majority of three-fourths at a General Meeting, was not established by the result of the proceedings of the General Meeting on the 19th instant, that Meeting having merely decided, in the first instance upon a question referred specially to it by the Managers themselves, and the act or resolution by which the appointment made by the Managers was declared vacant having been duly passed by a majority of three-fourths of those present or who voted thereat by proxy.'

(Signed) J. PATTLE.
" RICHARD WALKER.
" T. PLOWDEN.
" H. T. PRINSEP.

" The Managers who subscribed the above protest declare that they are satisfied with the above explanation, and without entering into the question of the legality of the general proxies admitted by the Meeting, are content that the result of the proceedings of the 19th, should be understood as not maintaining the position objected to."

Mr. G. Udny moved, seconded by Mr. Rattray, that it be resolved that the rules do contemplate and allow that the Managers may elect a Secretary and Accountant without reference to a General Meeting of subscribers.

Mr. H. M. Parker moved as an amendment—

That there is no necessity to enter further into a consideration of the questions placed before this Meeting by the nine subscribers signing the requisition dated 30th March, and that the proceedings of the 19th March, 1836 be upheld.

Votes having been taken on the amendment there appeared,

Mr. G. Udny moved, seconded by Mr. Rattray, that it be resolved that as the rules do contemplate that the Managers may elect a Secretary and Accountant to the Fund without reference to a General Meeting of the subscribers, a proposition " that the Managers' appointment of a Secretary and Accountant be confirmed" cannot by reason of not having been carried by a majority of at least three-fourths of the voters invalidate or at all vitiate the Managers' appointment.

SECOND SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MAY 25, 1836.

FORT WILLIAM,

Legislative Department, 23d May, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council in the Legislative Department, is published for general information.

Read a second time, the Draft of a proposed Act published under date the 25th April 1836, for abolishing the existing Transit and Town Duties, and authorizing the levy upon a new scale of Export and Import Duties.

Resolution.—The Right Hon'ble the Governor General of India in Council is pleased to resolve, that the said Draft be re-published for general information, with the following amendments, and that the amended Draft be brought up for re-consideration at the first meeting of the Legislative Council of India which may be held after the 28th Instant.

By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce and to the People, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the Provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, and this order has taken effect from the 1st May last. It might without injustice be required that the external trade of the Presidency on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned, an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible from raising the duties levied on the Commerce of either country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India, by the removal of onerous and vexatious exactions. Under these considerations he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of Duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system as nearly uniform as practicable for the Sea Customs Collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of Duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of Act is accordingly published for general information:

Act No. — of 1836.

Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.

I. It is hereby enacted, that from the 1st June next, such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties; and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into or exported from the said Presidency by sea shall be repealed.

Except as regards the Jumna Frontier Line.

Provided however that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokies established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line for import into, or export from the Territory of the East India Company by land, nor

V. And it is hereby enacted, that the Rules now established for the levy of Duties of Customs on Goods imported into or exported from Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force for the levy of the Import and Export Duties imposed by this Act, unless repealed or altered or repugnant to the provisions thereof.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 23*d May*, 1836.

No. 104 of 1836.—The Governor General of India in Council has much pleasure in publishing to the Army, the following Extract, Paragraphs 5 and 6, of a Letter from the Honorable the Court of Directors, No. 15, dated the 23d of December, 1835, announcing an enlargement of the Retiring Pension Regulations. The Boon thereby conferred upon the several Ranks of the Army, will, his Lordship has no doubt, be duly appreciated; and be received as a testimony of the warm interest felt by the Honorable the Court of Directors in the welfare of the Old Officers of their Army in India.

Para. 5. Adverting to the many obstacles which have hitherto prevented the Establishment of a General Retiring Fund, and considering it hopeless to expect that any Fund can be so framed as to meet on the one hand with the general concurrence of the Army and on the other with the sanction of the Authorities at Home, We have thought it right no longer to rely on the formation of such a Fund, but so far as we can feel justified in doing it ourselves to provide for the object contemplated in schemes of that nature, without the aid of contributions from our Officers, by an enlargement of the Retiring Regulations; and we have therefore resolved—

That every Officer who shall have served 23 years (3 years Furlough included) shall be allowed to retire on the Pay of a Captain whether he shall have attained that Rank Regimentally or not;

That every Officer who shall have served 28 years (3 years Furlough included) shall be allowed to retire on the Pay of a Major, whether he shall have attained that Rank or not;

That every Officer who shall have served 33 years (3 years Furlough included) shall be allowed to retire on the Pay of a Lieutenant Colonel whether he shall have attained that Rank or not; and

That every Officer who shall have served 38 years (3 years Furlough included) shall be allowed to retire on the Full Pay of a Colonel whether he shall have attained that Rank or not.

6. These arrangements are to have effect without prejudice to any claims arising out of the present Retiring Regulations."

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Civil Service Annuity Fund.

NOTICE.—A Majority of the Votes taken on the Propositions submitted to the Subscribers to the Annuity Fund at the Meeting of the 20th instant, in respect to the Rules to be adopted for giving effect to the Orders of the Hon'ble Court of Directors, dated 27th May, 1835, having declared in favor of the principle advocated by Mr. Dorin, according to which Junior Invalids will receive the provisions assigned to them before appropriation is made of the 2-3ds of Surplus Annuities for granting to retiring Senior's Annuities at a quarter value, the Managers of the Fund have agreed unanimously to recommend the adoption of the following Rules:—and a General Meeting of Subscribers will be held on the 9th July next, at 11 A. M., to determine finally upon this question.

By Order of the Managers,

H. TORRENS, *Actg. Secretary.*

C. S. A. F. Office, the 27th May, 1836.

AMENDED DRAFT OF RULES,

35—On the 1st May, 1836, the Managers of the Institution shall declare and publish the number of unaccepted annuities remaining up to that date, and the value thereof, which value shall be computed by assuming for the unaccepted annuities of each year since the Annuity Fund Institution was established, a value calculated for the average age of the servants who retired in that year. Two-thirds of the aggregate amount of such valuation shall be declared to be a fund available to provide for three years from that date, annuities at a quarter value to retiring Civil Servants duly qualified. The other third of the above valuation shall be forthwith carried to account as part of the fixed balance of the fund. In like manner on the 1st of May of every succeeding year, the Managers shall declare and publish the number and value of the unaccepted annuities of the preceding year, that is to say, the number of the nine annuities at half value available annually for retiring servants which have not been claimed and taken within the year, and the same shall be valued according to the average of the ages of the servants who retired in the year upon such annuities, or if there be none of these taken in any year, then upon the assumption of the age of 45 years for the value of each annuity. Two-thirds of the aggregate value of such unaccepted annuities shall be declared and published, as above, to be the fund available to provide for three years thereafter, annuities at a quarter value to retiring seniors, the remaining third being added to the fixed balance of the fund, as above provided.

36.—Civil Servants duly qualified by service and residence, who may be willing to retire on annuities to be granted upon payment of an amount equal to one quarter of the value thereof, are required to make application for the same within three months from the date of the above declaration being made and published by the Managers of the Fund. So far as the surplus available shall permit, annuities on the terms stated shall be given to the senior servants so applying in the order of their seniority, and if the subscriptions of any servant, to whom such an annuity may be awarded, shall have exceeded in amount one quarter of the value of the annuity, the excess shall be refunded to him out of the surplus declared. If the subscriptions be not equal in amount to one-quarter of the value of the annuity the retiring servant shall make good the deficit before obtaining the certificate entitling him thereto. If the applicants within three months, as above, do not by their annuities and by the refunds stated consume the entire declared surplus, the remainder shall be available to furnish annuities to any qualified senior servant who may apply for the same at any time within three years from the date of the declaration, and such annuities shall be given to applicants for the same in the order of application until the entire declared surplus is appropriated. For every annuity granted, an equivalent sum to the value thereof, according to the tables of the fund, shall be written off from the declared surplus and credited to the appropriated funds of the institution; and if at the end of three years from the date of declaration, there shall remain any part of the declared surplus still unappropriated, such remainder shall lapse and be added to the fixed unappropriated balance of the fund.

37.—Civil Servants who may not have completed the full period of 22 years' residence in India, and 25 years of service, but who may be compelled to retire from the service by sickness, duly certified as below provided, shall be entitled to receive from out of the declared value of the unclaimed annuities of any given year before the appropriation of the two-thirds and one-third are made under the above rule as follows:—

If they have not completed 10 years of residence, a donation of .... Sa. Rs.	5000
or .... £	500
If they have completed 10 years of residence, but not more than 15, an annuity of .... £	250
or .... Sa. Rs.	2500
per annum, on payment, including the amount of their subscriptions, of one-half of the value thereof according to the tables and rules of the fund.	
If they have completed 15 years, an annuity of £	500
or .... Sa. Rs.	5000
on the same terms.	

To entitle a junior to the above benefits, it will be necessary for him before leaving India to furnish to the Managers of the Fund a certificate from his Medical Attendant, countersigned by a Member of the Medical Board in Calcutta, certifying that he is, from some permanent cause or complaint, incapable of rendering further service in the climate of India, and this certificate must, in each instance of retirement, be confirmed in England by the Examining Physician of the Honorable Court of Directors, after the servant so retiring has resided at least one year in England.

38.—The 35 and 36 of the above Regulations are to be continued in force for three years from the 1st May 1836, unless the Honorable Court of Directors sanction their further continuance, whereof notice will be published in the Gazette. If by the sanction of the Honorable Court they be established as permanent rules of the fund, it shall nevertheless be competent to a majority of the subscribers in India, whenever they shall be satisfied that the number of annual retirements from the service is such as to require that all the annuities of each year should be reserved to meet the applications of candidates in future years, to suspend the operation of the above rules by a Resolution to that effect, duly passed at a General Meeting.

39—In modification of the third rule of the Regulations of the Fund, it is provided, that it shall competent to any servant duly qualified by residence and service, to receive the annuity whether granted to him at half or at a quarter value, either in India or in England, subject only to the condition of previous resignation of the service, and of the acceptance of such resignation by the Government or by the Court of Directors.

40.—In modification of the rules adopted by the service on the 7th March, 1834, it is hereby provided, in conformity with the instructions of the Honorable Court of Directors, that annuitants desirous to have their annuities paid to the date of decease, or to have them paid quarterly, will be entitled to these advantages upon payment, in addition to the half or quarter value of the annuity, as the case may be, of the full value stated for the same in the Table annexed to the said rules; but no annuitant shall be permitted to take the quarterly payment alone without at the same time taking the benefit of the rule for obtaining payment to the date of decease.

UNION BANK.—The Directors of the Union Bank beg to notify to the PROPRIETORS, that the whole of the Five Hundred and Ninety-eight *New* Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight *Old* Shares, at the par Subscription rate of 900 *Company's* Rupees have been taken up by the Old Shareholders.

In consequence, there will be no sale to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

By Order of the Directors,

J. YOUNG, *Secy. Union Bank.*

SATURDAY, MAY 28, 1836.

No. 919 A.

NOTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary*.

FORT WILLIAM,
The 25th May, 1836.

Notices touching Port Charges at Calcutta, for the information and Guidance of Owners and Commanders of Vessels.

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

First.—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

Second.—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

Third.—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Mazagine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

Fourth.—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

Fifth.—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

Sixth.—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

Seventh.—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to depatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

Eighth.—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgeree, a Certificate to that effect, which they should forward by Dâk to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the ¼ deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

Ninth.—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

Tenth.—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

Eleventh.—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 30TH MAY, 1836.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 30th May, 1836, is hereby promulgated for general information :

ACT No. XIV. OF 1836.

Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods, repealed.

I. It is hereby enacted, that from the 1st June next, such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties ; and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into or exported from the said Presidency by sea, shall be repealed :—Provided however that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokies established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line for import into, or export from the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

Except as regards the Jumna Frontier Line.

And Duties on Western Salts.

Import Duties to be levied according to Schedule A. annexed.

II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

Export Duties to be collected on Country Goods according to Schedule B. annexed.

III. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any Port of Bengal or Orissa according to the rates specified in Schedule B. annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto, shall also be taken to be a part of this Act.

No Goods entered therein as liable to Duty to be exempted, except by order of Government.

But the Collector may pass Baggage belonging to Passengers at his discretion.

IV. And it is hereby enacted, that no Goods or Articles whatsoever entered in either of the said Schedules as liable to Duty, shall be exempted from the payment of such Duty or of any part thereof except under special order from the Governor of Bengal—Provided however that it shall and may be lawful for the Collector of Customs or other Officer in charge of a Custom House, to pass free of duty, as heretofore, any Baggage in actual use, at his discretion, and in case of any person applying to have Goods passed as such, the Collector acting under the orders of the Board of Customs, Salt and Opium, shall determine whether they be Baggage in actual use, or Goods subject to Duty under the Rules of this Act.

Existing Rules to be enforced for levying the new Import and Export Duties.

V. And it is hereby enacted, that the Rules and Regulations now established for the levy of Duties of Customs on Goods imported into or exported from Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force, and shall be observed and applied for the levy of the Import and Export Duties imposed by this Act, unless repealed or altered or repugnant to the provisions thereof.

Place may be fixed by Governor of Bengal, beyond which an inward-bound Vessel is not to proceed until a Manifest has been delivered to Pilot to be forwarded.

VI. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal, by an Order printed in the *Calcutta Gazette*, to fix a place in any River or Port in Bengal or Orissa, beyond which place it shall not be lawful for any inward-bound Vessel, save and except such Dhoonies and Country Craft as are referred to in Section XXII. of this Act, to pass until the Master or Commander shall have delivered to the Pilot on board for the purpose of being forwarded by the Public Dawk or otherwise, as may be ordered by the Board of Customs, Salt and Opium, a Manifest made out in the form prescribed by Section 45, Regulation IX. 1810. And it is hereby enacted, that if the Manifest so delivered by the Master and Commander shall not contain a full and true specification of all the Goods imported in the Vessel, the Master or Person in charge thereof shall be liable to a fine of 1,000 Rs. ; and any Goods or Packages that may be found on board in excess of the Manifest so delivered or differing in quality or kind, or in marks and numbers from the specification contained therein, shall be liable to be seized and confiscated, or to be charged with such increased Duties, as may be determined by the Board of Customs, Salt and Opium ; and if any inward-bound Vessel shall remain outside or below the place so fixed by the Governor of Bengal, the Master or Commander shall in like manner, deliver to the Pilot so soon as the Vessel shall anchor, a Manifest as above prescribed ; and if any Vessel entering a Port for which there is a Custom House established, shall lie at anchor therein for the space of twenty-four hours, the Master and Commander whereof shall neglect to deliver the said Manifest to the Pilot on board, he shall, for such neglect, be liable to forfeit the sum of One Thousand Rupees, and no Entry or Port Clearance shall be given for such Vessel until the fine is paid.

Master to be responsible for its correctness under penalty of Rs. 1000.

Goods in excess, or not corresponding with Manifest to be seized and confiscated.

Or charged with increased Duties.

The Masters of Vessels lying below to deliver Manifests on coming to anchor.

UNION BANK.—The Directors of the Union Bank beg to notify to the Proprietors, that the whole of the Five Hundred and Ninety-eight *New* Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight *Old* Shares, at the par Subscription rate of 900 *Company's* Rupees have been taken up by the Old Shareholders.

In consequence, there will be no sale to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed a Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions :

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

No. 919 A.

NOTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM,
The 25th May, 1836.

Notices touching Port Charges at Calcutta, for the information and Guidance of Owners and Commanders of Vessels.

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

First.—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

Second.—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

Third.—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Mazagine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

Fourth.—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

Fifth.—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

Sixth.—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

Seventh.—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to despatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

Eighth.—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgeree, a Certificate to that effect, which they should forward by Dâk to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the ¼ deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

Ninth.—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

Tenth.—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

Eleventh.—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the *Consignor himself* by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

UNION BANK.—The Directors of the Union Bank beg to notify to the PROPRIETORS, that the whole of the Five Hundred and Ninety-eight *New* Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight *Old* Shares, at the par Subscription rate of 900 *Company's* Rupees have been taken up by the Old Shareholders.

In consequence, there will be no sale to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

Tent Contractors, Futtehghur.

MESSRS. JAQUES AND CO., TENT CONTRACTORS, FUTTEHGHUR.—The highly flattering and distinguished preference which our Establishment has experienced for the last three years, induce us to avail ourselves of the termination of the commercial year, to address our numerous friends, constituents and the public, on terms of congratulation and thankful acknowledgements.

The superiority of the Camp Equipage manufactured by us, both as regards *materials*, *neatness* and *style*, is now so well known in all the Presidencies, as to require little or no comment from us; we may however be permitted to state, that we have fully redeemed the pledge we formerly gave, viz.

"*That every Tent should be manufactured in our Factory, under our immediate superintendence, and every material used new and of the best quality:*"—To this pledge we shall strictly adhere, trusting that the attention invariably paid by us in the execution of all orders entrusted to our care, will insure to us a continuation of that splendid patronage our Estabment has hitherto experienced.

Orders from every part of India will continue to be executed and dispatched with the least possible delay and cost; and we hope that all our kind friends and supporters will do us the favor to bear in mind, how essentially necessary it is that all their orders should be accompanied with the usual advance, including transit charges, the risk of which rests with the purchasers.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. 5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. WEDNESDAY, JUNE 8, 1836.

No. 919 A.

NOTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM, *The 25th May*, 1836.

Notices touching Port Charges at Calcutta, for the information and Guidance of Owners and Commanders of Vessels.

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

First.—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

Second.—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

Third.—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Mazagine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

Fourth.—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

Fifth.—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

Sixth.—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

Seventh.—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to depatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

Eighth.—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgeree, a Certificate to that effect, which they should forward by Dâk to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the ½ deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

Ninth.—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

Tenth.—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

Eleventh.—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

SATURDAY, JUNE 11, 1836.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

Pondichery, the 10th March, 1836.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. SATURDAY, JUNE 18, 1836.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto	Madras.
		Ditto .... Ditto	Bombay.
		Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, *on payment of the Bills; and with whom* they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.
